

MADISON COLLEGE FINANCIAL AID

2023-2024 State Required Selective Service Confirmation

The FAFSA Simplification Act was enacted into law as part of the Consolidated Appropriations Act of 2021. Among other things, the law eliminated the requirement for male students to register with Selective Service before the age of 26 to be eligible for Title IV aid. Although Selective Service is not required for federal financial aid requirements, it is still a requirement to qualify for any state funding from the Higher Education Aids Board (HEAB) in the state of Wisconsin.

Males (any persons assigned the sex of male at birth) who are at least 18 years of age and not currently on active duty with the U.S. Armed Forces, or who were born after December 31, 1959, must be registered with Selective Service.

INSTRUCTIONS - According to our records, your Selective Service registration or exemption status was not confirmed by the Selective Service system. As a result you must provide written documentation as proof of your situation and take the appropriate action necessary.
