In 2013, the state of Wisconsin passed Wisconsin Act 20 replacing Part-Time Open Enrollment with a new statewide program called Course Options. Course Options allows high school students enrolled in a public school district the opportunity to take up to two courses in a semester from charter schools, institutions of higher education, and approved nonprofit organizations. Unlike Youth Options, there is no total course or credit limit; however, seats must be available in the desired course, prerequisite requirements must be met, and parent/guardian permission must be granted. Visit courseoptions.dpi.wi.gov for additional information.
