

MADISON COLLEGE FINANCIAL AID

Documentation of Independent Status

On the original Free Application for Federal Student Aid (FAFSA) you submitted, you indicated that you have a legal dependent other than a spouse. To determine your financial aid eligibility as an independent student you must provide documentation that you provide more than half of the support for your legal dependent(s). If you do not have/support a dependent you must contact the Financial Aid Office to update your status. Additional information may be required to add your parent's information. Please be aware that you will not receive financial aid until all documentation is received and reviewed. Therefore, failure to submit this form and any necessary documentation in a timely manner and/or provide accurate information may significantly delay the processing, awarding and potential disbursement of financial aid funds.

INSTRUCTIONS - You are required to complete **all** sections below and submit supporting documentation. Supporting documentation may fulfill the requirement for more than one section. You may be required to submit additional information or documentation once this form has been reviewed.

STUDENT INFORMATION

Last Name _____ First Name _____ Student ID _____
