

MADISON COLLEGE

Request to Withhold Student Information

The [Family Education Rights and Privacy Act \(FERPA\)](#) (20 U.S.C. § 1232g; 34 CFR Part 99) designates certain information related to students as directory information and gives Madison College the right to disclose such information to anyone inquiring without having to ask students for permission, unless the students specifically request in writing that all such information not be made public unless specified by the student's written consent.

The categories of directory information are listed below. To withhold the disclosure of all directory information items, students have two options: Students can self-service online by logging in to the [myMadisonCollege](#) Student Center or they can complete this form and submit to the Enrollment Center in person with photo ID. Once received, all directory information will be withheld until such time that the student requests in writing that the Enrollment Center remove the hold. Such request must be made using this form and submitted in person with photo ID.

Please consider carefully the consequences of any decision to withhold directory information, as any future requests for such information from other schools, prospective employers or other person or organizations will be refused. After the request is submitted, all future requests for assistance or account information must be made in person with photo ID or accessed online by logging in to the [myMadisonCollege](#) Student Center.

Madison College will honor a request to withhold directory information, but cannot assume responsibility to contact a student if a request for information is received. Regardless of the effect upon the student, Madison College assumes no liability for circumstances caused by honoring a student's instructions that such information be withheld. For more information on FERPA, see [madisoncollege.edu/FERPA](#).
